OBJECTIVE

To continue my career in Graphic Design and related areas.

PROFILE OF QUALIFICATIONS

More than 15 years of diverse experience in corporate and individual settings, fulfilling projects for print, video, and 3D milieus. Self-directed, versatile, and highly innovative, with references from high-profile clients in sports, entertainment, retail, academic, and government sectors. Work well independently or in team settings. Attentive to detail, deadlines, and budget constraints; communicate effectively with varied clientele; devised creative, cost-effective approaches. Proficient with Adobe CS, Acrobat, Dreamweaver, Quark, Freehand and MS Office.

EXPERIENCE HIGHLIGHTS

3/07 to present

KAISER PERMANENTE

Graphic Designer

Graphic support for over 50 individual research programs at Kaiser's CENTER FOR HEALTH RESEARCH. Typical projects include posters and displays for medical conferences, handouts for research subjects, direct mail, advertising, research forms and documents.

- **Designed posters, advertising and all related materials for a prominent lecture series.**

1993 to 3/07

PHFE-WIC PROGRAM

Graphic Designer/Illustrator

Provide graphic design/illustration for public education program serving 300,000/month; develop slide shows, videos, printed material and computerized presentations for multilingual nutrition and health-oriented programs serving individuals throughout California. Also create graphics for national and state level public health conferences; design training materials, displays, and booths. Assisted with translation into six languages.

- **Designed and illustrated 66-page children's activity book.**
- **Created and coordinated printing of 12 concurrent trade show exhibits.**
- **Designed, illustrated and laid out 17 pamphlet series for "new" parents.**
- **Design and graphic coordination for California WIC 20th Anniversary Celebration at State Capitol.**
- **Designed logos and graphics for nine consecutive annual conferences and a national nutrition conference.**

1998 to present

INDEPENDENT CONTRACTOR

Graphic Designer/Illustrator

Design logos, identity packages, and print/Internet advertising as well as graphics for conferences.

- **Illustrated animated book and video, "The Jungle Book," for Saban Entertainment.**
- **Created and painted full-scale foam sculpture of NASCAR vehicle for Home Depot.**

1988 to 1993

SERRURIER & ASSOCIATES

Graphic Designer

Designed sets, props, and graphics for entertainment construction company; also assisted with set construction. Projects included parade floats, retail store displays, and props for film and television. Supported procurement of materials and contract services; hosted client meets and facilitated installations at studios and other sites.

- **Created 3D character sets for 30 Disney Stores, Inc.; also developed large-scale dioramas for some locations.**
- **Designed props for Super Bowl Halftime Show in New Orleans.**
- **Built parade floats for amusement park in Seoul, Korea and Disneyland's Electric Light Parade.**
- **Designed props for Coca-Cola television commercial**
